It is contended by the Commandant that the Polo Play is one of the Compul-sory Military games attended with extraordinary bodily risk & is to be taken as a duty where risk is known pribively to exist before subscribing upon the discharge of such duty. He understands also that men losing life in assault-at-arms get family pensions. The Comptr: on the other hand does not think that Polo playing should not be held to involve such extra-ordinary bodily risk as is contemplated in art: 394 Mil. R. Codes to earn a family pension of death. He also thinks that death during Polo playing should not be taken as deserving of such consideration as death on a field of action. There is thus a difference of opinion between the Chief Commandant & the Audit office, which has referred on the application. may the Administrative Branch (VI) be consulted? If the claim is allowed, a pension not exceeding Rs: 21-5-4 is admissible for 12 years. (Art: 403(6) ii. Mil. R).

Certificate and report of the Comptroller.

The chief Commandant Mysore State Troops certifies that Syed Abdul Razack Sahebjamadar, Imperial Service Lancers died in the execution of duty owing to a fall from his pony while playing polo in the regimental grounds and the recommends the grant of pension of Rs 21-5-4 to his eldest son. The undersigned however is of opinion that an extraordinary pension is inadmissible as he is inclined to think that polo playing in the case of an officer of the Imperial Lancers should not be held to involve extraordinary bodily risk as contemplated in article 394 Mysore service Regulations. In any case death during polo play cannot be held to require as much consideration as death during action on the field as opined by the chief Commandant. The Copy of the report No 273 dated 24th September 1910 from the Commandant Mysore Imperial Service Lancers, Bangalore to the chief Commandant Mysore State Troops is hereto attached. If however the proposed pension of Rs 21-5-4 which is within the limit prescribed in art 401(iii) of M. S. R. is sanctioned by Government, it will take effect from 14.4.10 and will last for 12 years as per art 403 (b) (ii) M. S. R.

With reference to his No.1022 dated 22nd Instant, has the honor to state that the Polo Play is one of the compulsory Military Games attended with extraordinary bodily risk and is a duty where risk is known positively to exist before entering upon the discharge of such duty. Therefore the loss of life in the play cannot be said to be an ordinary accident without the knowledge of risk. It is more or less as risky as a soldier under Military Discipline killed in action. The undersigned understands that men injured or losing life in Assault-At-Arms and such other competitions are granted wound and family pensions.
